

Training: «Concepts of AML, KYC and Compliance»

With ADEM, stay ahead of the curve and unlock new opportunities in the fields of AML/KYC and Compliance. Upskill yourself with industryrecognized trainings and certifications to thrive in the ever-evolving financial sector.

Training Objectives

This training aims to deepen understanding of Anti Money Laundering (AML), KYC and essential compliance frameworks, enabling the effective identification, prevention, and management of risks related to financial crimes.

As a participant, you will acquire the skills needed to navigate complex compliance frameworks and strengthen your expertise in regulatory adherence, ensuring you can align with both global and local standards. Upon successful completion, you will earn an industry recognised certification that boosts your employability and positions you to advance your career in the financial sector.

Training Programme

- AML and KYC in Banking Fundamentals and Case Studies
- Compliance Fundamentals
- General Data Protection Regulation (GDPR) for Banks
- MiFID II Framework Overview
- Regulatory reporting : EMIR/MiFIR/SFTR
- Digital Operational Resilience Act DORA Foundation

The training combines theoretical lessons with practical case studies and includes 3 mandatory exams.
